SOFTWARE ENGINEERING EXPERIENCE/PROJECTS

Simon Memory Game ([Web App](#), [Documentation](#))

- Designed a color-matching memory game. Built using JavaScript, HTML, and CSS. Deployed using GitHub Pages.

Review My Project ([Web App](#), [Documentation](#))

- Developed a web app that solicits and tracks project review feedback. Built using JavaScript, Node.js, Express, HTML, and CSS. Deployed using Heroku.

Homework Tracker ([Web App](#), [Documentation](#))

- Made a web app for tracking homework assignments for students. Built using Python, Django, PostgreSQL, HTML, and CSS. Deployed using Heroku.

Meet Your Classmates ([Web App](#), [Documentation](#))

- Created an app for classmates to share social information. Built using the MERN Stack (MongoDB, Express, React, Node.js), HTML/CSS. Deployed using Heroku.

RELEVANT EXPERIENCE

Technical Support / Technical Writer - Summit Medical - Victorville, CA (Jan '20 - Present)

- Troubleshoot weekly technical support issues via documentation research
- Write and update user guides for non-technical medical staff regarding office technology procedures

Writing Center Tutor - Victor Valley College - Remote (Mar '21 - Present)

- Proofread and edit student web documents at various stages of the writing process to ensure grammar, spelling, and punctuation are accurate
- Conduct online writing workshops covering academic and persuasive writing
- Communicate with a team to transition students to remote/virtual learning
- Train older students on the operation of computer learning software and technologies
- Understand client needs by being a good listener and practicing empathy

Substitute Teacher - Multiple School Districts - Los Angeles, CA (Sep '15 - Mar '21)

- Carried out lesson plans for dedicated classes in Technology and Science
- Instructed over 2500+ students while dealing with classroom management issues
- Adapted to new learning and working environments (classrooms, schools) on a daily basis

Grant Proposal Writer Intern - South Bay Literacy Council - Torrance, CA (Feb '18 - May '18)

- Edited and rewrote raw data into persuasive narrative content leading to \$8,000 in grant funding

High School Science Teacher - Animo Pat Brown High School - Los Angeles, CA (Jan '15 - Jun '15)

- Taught 150+ 10-12 grade Biology students in inner-city LA
- Ensured student engagement by crafting creative and compelling educational materials
- Focused on the development of students through the analysis of assessment data

Sports Writer - The Highlander Newspaper - Riverside, CA (Nov 2012 - May 2013)

- Wrote, proofread, and edited weekly articles while using templates and style guides
- Ensured compliance with standards/specifications and a maximum word count while prioritizing simultaneous games and tournaments to meet operating deadlines

EDUCATION

- **Software Engineering Immersive Bootcamp Certificate**, General Assembly - Remote (11/2021)
- **A.S. Computer Science**, Victor Valley College - Remote (06/2020)
- **Grant Proposal Writing Certificate**, Cal State University Dominguez Hills - Carson, CA (06/2018)
- **M.A. Education**, Loyola Marymount University - Los Angeles, CA (06/2015)
- **B.A. English**, University of California, Riverside - Riverside, CA (06/2013)

OTHER PROJECTS**README Documentation Tutorial and Template ([Article](#))**

- Designed a user guide and template for bootcamp software developers on writing high-quality and effective project README documentation using modern best practices. Translated complex information utilizing Markdown, HTML, GitHub, and VS Code by using sample fragments.

Tutorial for Setting up Zoom Profile Pictures ([Article](#))

- Wrote a blog tutorial for students on how to set up and use Zoom profile pictures that display when their cameras are off.
